

time delta (mins)	root	20	60	120	240	full
KPG	0.832	0.875	0.878	0.881	0.881	0.889
BERT	0.747	0.750	0.758	0.760	0.748	0.753

Table 1: The results of KPG and BERT on Twitter16 under different stages of spread, where *root* represents using only root post for the veracity, and *full* means using full propagation graphs.
